

# Agents as a Service

Managed Intelligence Provider · one painful routine, done with you

Always-on teammates that finish work in the tools you already use — inbox, quotes, reviews, ops. Local partner. Real IT. No demo theater.

## START HERE

### Agent Starter

**from \$1,500 setup + \$300–600 / month**

- 1–2 named agents (Grok Bot under the hood)
- One taught routine each — you show it once
- Tool login setup + 2-week shadow
- Money / access stay human-gated
- You bring eligible seats (or we help provision)

## HOW IT WORKS

- 1 Assess — map the real chore
- 2 Deploy — teach the agent once
- 3 Guardrails — humans keep the keys
- 4 Operate — monthly watch & tune

## COMMON FIRST ROUTINES

- Inbox & follow-up
- Quote / lead chase
- Review & reputation
- Vendor / invoice ops
- Service desk assist

Ready for more? Agent Team — 3–6 bots + weekly digest · from \$5,000 setup + \$1,200–3,500/mo

## Next step: free 30-minute fit call

Tell me the weekly chore you hate. I'll tell you if an agent can own it.
